Go ahead, freeze it, heat it, beat it and mistreat it... you can't defeat it!

Features:

- UL/CSA listed as Indoor/Outdoor cord
- Rated UL/CSA +105°C to -50°C
- Extra flexible 34 AWG tin stranding
- Oil resistant 105°C insulation
- Non-Hygroscopic, integral fill construction
- Resists abrasion and cutting
- Impervious to Chemicals, oil, water, ozone and fungus
- Will not stiffen or crack in cold
- Does not support combustion
- Lasts longer in flex applications
- Meets all Bureau of Mines requirements
- Yellow Sequential marked for high visibility
- The most durable and most flexible cord in the industry

Applications:

Machine Tools

Submersible Pumps

Power Tools

Dockside Power

Portable Machinery

Cranes

Motor Leads
