SECO-LARM Introduces the New PR-112S-A Stand-Alone Proximity Reader

IRVINE, CALIF., August 15, 2007 - SECO-LARM is now shipping the new PR-112S-A Stand-Alone Proximity Reader. Sealed and weatherproof, the PR-112S-A is suitable for interior and exterior applications. The stylish case and small size make it ideal for use in offices, homes, and apartments. The wave-shaped tri-color LED status bar accents the case design. Simple installation, quick programming, and high reliability are combined in the SECO-LARM Stand-Alone Proximity Reader. Additional outstanding features include:

● Sealed and weatherproof for outdoor use (IP67).
● Tri-color wave-shaped LED status bar indicates proximity reader's mode and status:
    o Blue - On/Valid Card
    o Green - Programming
    o Red - Invalid Card
● Output relay for either timed (1 to 180 seconds) or "Toggle" mode.
● Egress input for easy exiting.
● Buzzer for audible confirmation (programmable).
● Up to 100 user cards can be programmed.
● User cards easily deleted. Delete a single card, or all cards.

10 EM125 Proximity cards (Model # PR-K1S1-A) are included with each reader.

The new Stand-Alone Proximity Reader is just one piece of SECO-LARM's wide selection of alarms and accessories for the security and electronics industries.
